Hello LaShonds

How was your valentine? I hope you get a lot of flowers and other goodies.

I got your new latter early this week.

I need a little favor from you. Is there any way you can give me a little guideline

I will be so happy if you can do this for me. I try some lawyers and agents, the money they are asking for is too much for me to afford, as a result I have to try my best, so as to be able to give you the best I can.

I know that what I have is 100% different from what the AT&T has and the AT&T group knew this too. The AT&T groups have seen this technology and are very much interested in this technology because they have seen what can be done with this technology.

I will be very happy if you can tell how to convince you that this two technology are totally different. Just give me some guideline how to put it on paper.

Thanks Very Much
